

Social Media / Websites Report

January - June 2026

PREPARED BY:
MARKETING AND COMMUNICATIONS OFFICER
Shawn Christenson

PREPARED FOR:
MILWAUKEE POLICE DEPARTMENT

WELCOME

Before I take you through the report, I want to let you know how excited I am about the performance and engagement our websites and social media have had over the past couple of years.

- Electronic communication plays an immense role in today's society, transforming how we connect, collaborate, and conduct business.

[Click to edit text](#)

- It enhances global outreach, breaking down barriers and enabling seamless communication and collaboration across distances.
- Organizations benefit from expanded opportunities, reaching a global market and streamlining operations through efficient communication channels.
- The speed and efficiency of electronic media accelerate information exchange, enabling quick decision-making and fostering productivity.
- Our report covers all our social media platforms and websites. It includes, our posts and statistical data that highlights the communication we are achieving with the Milwaukee community.

Search engine marketing is one of the most reliable marketing strategies. Advertising on social media, especially on Instagram. Many brands, such as Rolex, Apple, and Hubspot, have found this strategy to be helpful. Not only it helps you spread brand awareness, but also allows you to connect with new audiences and better prospects.

HIDTA

The North Central High Intensity Drug Trafficking Area (HIDTA) is a federal program designed to encourage federal, state, local and tribal law enforcement agencies to work together. In creating multi-agency task forces, North Central HIDTA supports law enforcement in the reduction of specific drug threats in Minnesota and Wisconsin. North Central HIDTA is a national standard for collectively sharing information that targets and dismantles the most significant Drug Trafficking Organizations and Money Laundering organizations posing the greatest threat to our community.

Linktree*

Linktree is a service that creates a single, customizable "link-in-bio" landing page, allowing users to house multiple links to their online presences. It's especially useful for social media users who are limited to one clickable link in their bio, providing a way to direct followers to their various websites, social media profiles, shops, or digital products.
